

Discover What Makes Us Different

Kindred Community - a breath of fresh air in the world of Case Management & Therapeutic Healthcare.

Connect
with us

About us

We are a therapeutic healthcare community providing specialist Case Management and rehabilitation services to clients with Acquired Brain Injury & complex catastrophic injury.

Why Connect

Kindred Connect is a subscription based support network for independent Case Managers or Therapists with their own business.

For those of us who don't wish to join a larger company but miss the important connections and necessary support of working as part of a professional team of likeminded people who understand our industry.

Use the Connect platform to:

- Connect with other industry professionals, many of whom are CQC registered, for peer support
- Share good practice and access first hand information on local & national services
- A safe space to connect with others in the form of a closed messaging group, to ask questions and share experiences with other professionals
- Timely responses to ensure your message is always heard & replied to
- Free CPD and industry specific training opportunities
- Access "Contingency cover" for holiday, sickness and time off
- Get support from fellow Kindred Connect colleagues & the Kindred team which includes trained clinical supervisors
- Networking of ideas, contacts, and resources
- Demonstrate quality assurance to referrers and governing bodies that you are working collaboratively
- Regular updates on government or industry specific issues
- Vlogging / Blogging content
- Cancel anytime, no hidden charges
